Chapter President Thanks Alumni

Greetings from the Psi—with an immediate message of thanks to alumni, old and young, for their support of the current chapter. The overwhelming involvement demonstrated by alumni through letters, financial help, and personal visits to the house and school have greatly solidified and unquestionably improved our relations with the Hamilton College administration. Although many alumni have been subjected to seemingly endless pleas for help and support from the current brothers and fraternity members, the effort and help that have been given are recognized and greatly appreciated by the undergraduates. Over the past few months, a rejuvenated feeling of brotherhood has prevailed among us all—brothers and pledges alike. A true sense of closeness and unity has assured us that no group or class of brothers is separate from any other.

The strength of our brotherhood and of our continuing success rests in the members, active and alumni. Collectively, we have weathered all opposition. The merits we have earned, the productivity we have shared, and the fine stature we have presented to the Hamilton College community and to society are a credit to all. Our importance on the Hamilton College campus is once again being recognized and, in turn, justly appreciated. May we all continue, together, to spread the positive and beneficial images Hamilton needs and that we were fortunate to have been taught. Psi Upsilon has created a lasting goodness to be shared.

YITB,
Scott Tucker '94
President

have sent their 1993-'94 dues, thank you. To those who have not, please add your name to the list of Psi Chapter supporters.

The sesquicentennial banquet was well attended by over 120 brothers, including the Psi Upsilon Fraternity's national executive committee. While the sesquicentennial fund drive did not net what had been hoped, we were happy to receive \$4,150 from 46 alumni brothers. This was used to purchase three metal doors for the outside entrances.

The main focus of attention on the Hamilton campus continues to be the Hamilton College Board of Trustees' residential life survey. The Psi undergraduate and alumni leaders continue to work with the Inter-Society Council (ISC) and the Inter-Society Alumni Council (ISAC) to present what we believe will be a very strong case for the continuation and strengthening of the private society (fraternity and sorority) system at Hamilton College.

Your chapter and its undergraduates continue to do a fine job representing what is *good* about fraternities today. Judging by the size of last year's pledge class, Psi U remains one of the strong houses on campus. Psi U undergraduates are conspicuous in all college sports and in all other aspects of Hamilton academic life. We still need input from all interested alumni so we can direct information to the residential life committee. We thank you for your response to the return letter request of several months ago. It is our understanding that Psi U alumni sent the largest positive response. Thank you!

We look forward to new undergraduate leaders and sincerely thank Scott Tucker '94 and his officers for a job well done!

Yours in the Bonds,
Jeb Becker '61
Alumni President

House Comes In A Close Second

This fall the brothers of the house took the field in full force as the number-one-ranked team in the intramural league. This ranking was a result of last year's undefeated campaign. The season's first game was looked upon both with anticipation about again conquering the soccer fields and with some reservation about some key losses from last year's championship team.

As the game neared, the roster came into shape and a huge turnout appeared at the field. Our team was set; however, the other team somehow managed a no-show. This lack of dedication on the other team's part didn't stop the fun. With such a large number of people present, we were able to hold an all-Psi soccer match!

The sophomore turnout was large, and the game was split into seniors and juniors versus sophomores. Sean Fogerty and Scott Tucker started the game with some beautiful passing. Mike Colella, known for being somewhat brash, did not change his character, as the first person who came near him, Rick Pizzo, was subsequently dumped on his *derrière*. It was truly a clash of the big men. Brian Green, the redheaded speed demon from Dunnville, Ontario, was a surprise standout, as he netted three goals against the stringy goal-tending of Shawn Kelly, also from Ontario. After Bob Simonds, decked out in flight gear, buried a goal off fill-in goalie Dylan Ade's body. Then the call for halftime went up. The teams filed to Jud Henderson's truck, pulled up beside the field, where refreshments were being served. The gathering held some poignant conversation about certain members' abilities. Lloyd Polanish—his determination combining with a set of tree-trunk legs—was going for first star of the game. Other participants were Josh Commass, Chris Peters, Sean Brady, Spencer Newman, Brandon Patey, Bill Payzant, Hunter Marvel, Brett Coughlin, Rusty Feldman, Eric Roberts, Carl Greenhaus, and Keith Clark.

The team went on through the season with the enthusiasm that characterize this first game. The team came within one goal of clinching its second undefeated season but had to settle for second place.

Brothers Take To The Fields

This year will be a strong one for the athletes of Psi Upsilon at Hamilton College. Psi Upsilon can boast of having a captain during each sports season as well as of numerous other fine athletes.

The fall sports season has come and gone, and some of the athletes who participated excelled. On the soccer field, Devin Sullivan contributed on the offense, and his goal against Clarkson, the fifth-rated team in the nation, almost upset the high-ranked team. In soccer, captain K. Slater Carberry finished his fourth year on varsity with a stellar season at the sweeper position.

On the gridiron there were four Psi brothers. Kicker and cornerback Jeff Holden made good on his promise to help the team stay in the game from both sides of the ball. He was the leading scorer for the team as well as a fine defensive standout. Junior Robert MacGilvray played outside linebacker and, as coach Frank says, was "a fine run-stopper!" Senior Aaron Earls played the opposite side of Jeff at the cornerback position; however, Aaron's specialty is the pass, and he often draws the assignment of covering the opponent's best receiver. Finally, Mike Hodgkin played the season as defensive captain and linebacker/rover. The football team's season was salvaged at the last moment with a victory over "Bates."

The upcoming hockey season will feature a number of Psi brothers' talents. On offense, captain Eric Roberts, Doug Famigletti, and Sean Kelly will lead the attack. Also present on offense will be Rusty Feldman, Lloyd Polanish, Sean Brady, Brian Green, Keith Clark, and Bob Simonds. On defense, Carl "Large" Greenhaus will anchor a young blueline corps. Between the pipes, Kendall Brook looks to follow his freshman campaign with a stellar sophomore year.

Scott Tucker will be playing squash for Hamilton. He hopes to make it to nationals this year.

The lacrosse team will be captained by Jon Kuhe and K. Slater Carberry. Searching for spots on the team will be Mike Hodgkin, John Morrison, Jud Henderson, and Justin Zappia.

Bob Simonds plays third base for the Continentals baseball team, while William Zedlovich participates in the shot-put in track and field.

We hope that all these guys will have successful seasons and will prove the Psi house proud to be on the athletic fields of Hamilton.

What's Happening At Psi U

The fall semester here at Hamilton College is coming to a close, but it has been a very prosperous one for the Psi Upsilon sophomores. Brandon Patey and Justin Zappia took over for two Psi alumni as the managers for the women's varsity field hockey team and established themselves as two of the best managers in the NESCAC. Way to go, Brandon and Justin!

At the same time, Lloyd Polanish, Brian Green, Sean Brady, Rick Pizzo, our own secretary, Spencer Newman, and the one-and-only Kendall Brook were busy doing dry-land training in anticipation of the upcoming ice hockey season.

There are currently two Psi sophomores who have been declared MIA; however, we have received word that John Morrison and Jeff Holden have been spotted in the Bundy dormitory. Also, Jeff has been spotted kicking field goals for the Hamilton Continentals football team. Jud Henderson and Kevin Monohan are busy battling it out to see who is the best TV watcher and couch potato in the house. It's going to be a close contest, so we'll keep you posted....

Hunter Marvel, Chris Peters, and Jud Henderson have been elected this year's rush chairmen and are doing a stellar job. Bill Payzant was recently selected as kitchen steward and, as a result, has been bugged every night to open the kitchen door for hungry Psis. Is it worth it, Bill? Just kidding; you're doing a great job.

It is with deep regret that I report the departure of two Psi sops for the spring semester. Josh Comross and Matt Engel are leaving us to take part in an NOLS program somewhere over the rainbow. Good luck, Josh and Matt. Brendan Moore is busy doing his art work all over the walls in room seven, while Nick "The Animal" Jacobs announced his engagement to Poppit "Mrs. The Animal" Sadtler, with a bachelor party held at Psi U. After the marriage the last name Jacobs will be dropped, and the two will go by "The Animals."

As editor of this article, I, Devin Sullivan, have just finished up a successful soccer season, and as a result I look forward to a restful spring semester.

Brothers Enjoy The "Summer Of '93 Saga" On Nantucket

This last summer proved to be one of camaraderie for many Psi brothers on the island of Nantucket.

All plans began to shape up early last year, when it was discovered that Jud Henderson had a summer house on the island. Initial plans were set to have Lloyd Polanish, Devin Sullivan, and Tim Collins stay the summer with Jud. May 25 rolled around, and Jud, Devin, Lloyd, and Tim headed for the sun and summer of Nantucket. As anyone who has been on Nantucket knows, the summer job potential is limited, so the four set out quickly to secure jobs. Tim decided to return home to greater summer prospects, so he went to Boston. Lloyd was attracted to a bike shop and got a job observing the summer scenery (women) and hawking bikes to passersby. Jud got caught working in a restaurant washing dishes and cooking. Devin was able to secure a job (to the benefit of all associated with him) in a store called Murray's. Thus began the summer of '93 saga.

Summers on Nantucket are filled with fun and sun, and these three guys took full advantage. Jud showed Devin and Lloyd the beauty of blue fishing off the beach, and he also showed them how to

catch them, hooking an 11-pounder. For these three, days were spent working, and nights were spent improving the nightlife on Nantucket. These three made friends with people from all over the country with their amazing beach parties.

The summer crowd of Psi brothers on Nantucket was supplemented by Jud's older brother, Matt, an alumnus of Hamilton, and Hunter Marvel. Also present on the island was John Morrison, who was living in his own summer home. Bill Payzant sailed to the island from the cape on a J-40 with two friends. Bill is an avid sailer who has little opportunity to sail around Hamilton, so he spends his summers sailing around the cape/Nantucket area or down by his new home in Boca Raton, Florida.

Everyone who spent any time on the island seems to agree that it was the highlight of the summer. To be able to be in such an exciting and relaxed atmosphere surrounded by new and old friends alike made the summer truly one to remember!
